

АНАСТАСИЯ КРАВЦОВА°

JUNIOR AI-ASSISTED PRODUCT BUILDER / VIBE CODER

Собираю и довожу до деплоя web-продукты с AI-assisted coding: интерфейсы, продуктовую логику, API-интеграции, валидацию, тесты и понятные пользовательские сценарии.

01° ПРОФИЛЬ

Junior AI-assisted product builder с сильным бэкграундом в графическом и бренд-дизайне. Умею превращать задачу в рабочий интерфейс и продуктовый сценарий, собирать функциональность с помощью AI-инструментов, проверять результат, документировать решения и доводить проект до публичного деплоя.

02° ПРОЕКТЫ / VIBE CODING

BRAND BRIEF STUDIO — AI-assisted web product

ai-brand-brief.vercel.app · github.com/Anostosio/ai-brand-brief

- Bilingual EN/RU web-приложение: 13 редактируемых секций бренд-брифа, readiness diagnostic, evidence-aware output и две альтернативные стратегические траектории.
- Serverless API + Groq Structured Outputs; strict JSON Schema, повторная валидация, timeout/limits, fallback-сценарий, local history, JSON import/export.
- Автоматические core-тесты, GitHub Actions, security headers, CSP, Vercel deploy.

JOB SEARCH CRM — product workflow / local-first

job-search-crm-psi.vercel.app · github.com/Anostosio/job-search-crm

- Bilingual local-first CRM: Today workspace, pipeline board/table, vacancy detail, duplicate protection, profiles, deterministic matcher и local analytics.
- JSON backup/import с preview Merge/Replace, CSV export, migration legacy data, localStorage architecture и documented privacy/security boundaries.
- Статический production build, automated checks, Vercel deploy.

03° ОПЫТ

Графический / бренд-дизайн · 2024 — 2026

- Айдентика, логотипы, визуальные системы, digital и печатные носители; около 70–80 учебных, коммерческих и личных проектов.
- 2025 — работа в дизайнерском холдинге; ArtHall, апрель–сентябрь — логотипы, полиграфия, баннеры и подготовка макетов.
- Привыкла работать от задачи и ограничений, быстро собирать варианты, проверять качество и доводить результат до использования.

04° ОБРАЗОВАНИЕ

2026 — СПО «Реклама», Ростовский колледж рекламы, сервиса и туризма «Сократ».

с 2026 — Реклама и связи с общественностью, Московская Международная Академия, дистанционно.

05° AI / PRODUCT STACK

- ChatGPT / Codex
- AI-assisted coding
- Prompting & task decomposition
- HTML5 / CSS / JavaScript
- Node.js / serverless functions
- REST API / JSON
- LocalStorage / browser APIs
- Git / GitHub / GitHub Actions
- Vercel deployment
- Testing & validation

06° DESIGN

- Figma
- Adobe Photoshop
- Adobe Illustrator
- After Effects
- InDesign — intermediate
- Branding & visual systems
- UX/UI & responsive layouts

07° СИЛЬНЫЕ СТОРОНЫ

- Product thinking
- Сильный визуальный вкус
- Быстрое прототипирование
- Проверка AI-generated результата
- Документация решений
- Самостоятельное обучение
- Внимание к UX, privacy и failure states

08° ЯЗЫКИ

Русский — родной

English — A2/B1, развиваю для работы

09° ИЩУ

Junior Vibe Coder / AI Builder / AI Prototyping / AI Automation / Product Engineer

Приоритет: удалённая полная занятость или сильная junior-позиция с ростом.

ANASTASIA KRAVTSOVA°

JUNIOR AI-ASSISTED PRODUCT BUILDER / VIBE CODER

I build and ship AI-assisted web products: interfaces, product logic, API integrations, validation, tests, and clear user journeys.

01° PROFILE

Junior AI-assisted product builder with a strong background in graphic and brand design. I turn a brief into a working interface and product flow, assemble functionality with AI tools, validate the result, document decisions, and take projects through public deployment.

02° PROJECTS / VIBE CODING

BRAND BRIEF STUDIO — AI-assisted web product

ai-brand-brief.vercel.app · github.com/Anostosio/ai-brand-brief

- Bilingual EN/RU web app with 13 editable brand-brief sections, readiness diagnostics, evidence-aware output, and two alternative strategic directions.
- Serverless API with Groq Structured Outputs; strict JSON Schema, revalidation, timeouts and limits, fallback flow, local history, and JSON import/export.
- Automated core tests, GitHub Actions, security headers, CSP, and Vercel deployment.

JOB SEARCH CRM — product workflow / local-first

job-search-crm-psi.vercel.app · github.com/Anostosio/job-search-crm

- Bilingual local-first CRM with a Today workspace, pipeline board and table, vacancy detail, duplicate protection, profiles, deterministic matching, and local analytics.
- JSON backup/import with Merge/Replace preview, CSV export, legacy-data migration, localStorage architecture, and documented privacy/security boundaries.
- Static production build, automated checks, and Vercel deployment.

03° EXPERIENCE

Graphic / Brand Design · 2024–2026

- Identity systems, logos, visual systems, digital and print assets; approximately 70–80 academic, commercial, and personal projects.
- 2025 — designer at a design holding company; ArtHall, April–September — logos, print materials, banners, and production-ready artwork.
- Used to working from goals and constraints, rapidly exploring options, checking quality, and carrying work through to practical use.

04° EDUCATION

2026 — Diploma in Advertising, Rostov College of Advertising, Service and Tourism “Socrat”.

Since 2026 — Advertising and Public Relations, Moscow International Academy, distance learning.

05° AI / PRODUCT STACK

- ChatGPT / Codex
- AI-assisted coding
- Prompting & task decomposition
- HTML5 / CSS / JavaScript
- Node.js / serverless functions
- REST API / JSON
- LocalStorage / browser APIs
- Git / GitHub / GitHub Actions
- Vercel deployment
- Testing & validation

06° DESIGN

- Figma
- Adobe Photoshop
- Adobe Illustrator
- After Effects
- InDesign — intermediate
- Branding & visual systems
- UX/UI & responsive layouts

07° STRENGTHS

- Product thinking
- Strong visual judgment
- Rapid prototyping
- Validating AI-generated output
- Decision documentation
- Independent learning
- Attention to UX, privacy & failure states

08° LANGUAGES

Russian — native

English — A2/B1, actively improving

09° TARGET ROLES

Junior Vibe Coder / AI Builder / AI Prototyping / AI Automation / Product Engineer

Priority: full-time remote work or a strong junior role with room to grow.
